

IT'S TIME TO:

R

1

RECONNECT, REPEAT AND REINFORCE

- Reconnect with friends and teachers
- Repeat classroom expectations that were set at the beginning of the year
- Re-teach concepts that students have found difficult during online learning phase
- Reinforce the important learnings

E

2

EXPECTATIONS

- Expect that students will follow classroom rules and expectations
- Expect that some students may need extra guidance with work covered during online learning
- Expect that not all work may have been completed but make it clear to students the work that MUST be completed

B

3

BEHAVIOUR & PERSONAL BEST

- Reinforce positive behaviour
- Encourage personal best - this will be different for all students
- Be supportive to those students who need some extra care and compassion as they REBOOT

O

4

ORGANISATION

- Provide tips to students as to how they can organise their workloads and learning
- Encourage the importance of re-establishing routines
- Discuss the importance of being organised as this will assist with student wellbeing

O

5

OPPORTUNITY

- Make the most of every opportunity that presents itself
- The one thing this time has taught us is that we should appreciate all of the opportunities we have and make the most of all of them

T

6

TIME TO TRANSITION

- Take the time to transition back into new routines
- Take the time to be thankful for this opportunity to REBOOT
- Take the time to appreciate all of the new learnings we have achieved during this time

*Think left think right
and think low and think high.
Oh, the things you can
think up if only you try!
- Dr Seuss -*
