Dear Parents and Caregivers,

Re: COVID – 19 Update No 38 – Term 3.

As you would be aware, COVID-19 cases in our region have moved in a troubling direction.

Please be assured that St Paul's Catholic College continues to implement COVID Safe protocols and will continue for the foreseeable future. One of the strategies that we have employed is the limiting of contact of our students and staff with other schools in our region. In saying that, it is possible that we could have a COVID case similar to our sister school as a result of community transfer.

In my previous communication, I have asked you to familiarise yourself and have discussions with your child about what might need to happen in the event of a positive notification from Hunter New England Health. I would like to reiterate that suggestion. Our process is in COVID Response Plan (16 June) and COVID UPDATE No 37 (24 July) on our website.

Thank you for your continued support during these difficult times. Please be assured that we are doing all that we can to keep our community safe.

Go gently,
