23 October 2020 Vol: 12-20

Dear Parents and Caregivers,

Welcome to the final term for 2020.

We begin the term, still under the cloud of COVID. As I have indicated before. I honestly believe that we will be under this cloud for some time to come. We still need to be very vigilant in our approach to restrictions and the advice of the Health Authorities.

To that end, we will continue to use the strategies that we developed in the early days of the pandemic and school return. We will continue extra cleaning and sanitising. Our teachers will continue to spray hands as students enter the classrooms. Our ground staff will continue to sanitise the toilets and outdoor furniture after the breaks. We ask that students stay at home if they are unwell and exhibiting COVID like symptoms. Our strategies are working and it is gratifying to know the support that we are receiving from our community.

There have been some relaxing of restrictions for schools and students. These include the possibility of curriculum-based excursions, orientation days and the return of some representative sport. Unfortunately, adults are still not allowed onsite so we will not be able to hold Parent/Teacher Interviews in person or conduct our traditional Year 7 2021 Parent Evening. We will be communicating soon with alternatives.

As I write this newsletter article, our Year 12 students are engaged in their first HSC Exam, English. There are some new protocols that have to happen but the students were wonderfully adaptive and by and large quite relaxed and calm. As I said to them before they went in, this exam and the next couple are the most stressful. After they have completed a few exams, they will just want them all over and done with! The exams will finish on November 11 with Drama.

At the end of last term, we contacted all parents regarding our new Traffic Management Plan. I would like to thank our parent community for the way that they have embraced this new practice. As I said in previous newsletters, the purpose of the plan was to increase the safety element for our students. I have noticed that more parents are using the "Kiss and Drop" zone at the front of the school and are refraining from entering the gates and those parents who do enter are stopping at the top car park to drop off their children. Our preference is for parents to use the "Kiss and Drop" zone but if there is a need to use the carpark then we are okay with that. Obviously if your child has an injury that requires crutches etc, we allow parents to come into the College and use the 10 minute parking in the main carpark. I ask that you use this space rather than compete with the busses on the round-a-bout. The real test will come when we have a rainy day. Please continue to use the "Kiss and Drop" and ask your child to use an umbrella.

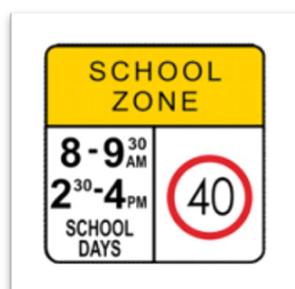

The one thing that I have noticed with this new change of practice is that we have quite a number of students who are habitually late for school. The first lesson of the day begins at 8.45am. We do not have a dedicated roll class at the beginning of the day, the learning begins at that published time. Students who are late are missing vital learning time. Interestingly when challenged, some students claimed that they are on the late train and it often gets in late. The answer to that is quite simple. Catch the earlier train so that they are on time for the start of their lessons!

This is the final term for learning in 2020. Students are working towards the end of their courses with assignments and assessment tasks as well as the every-day lessons that are designed for quality learning to happen. The staff are also finalising their own professional learning, having just completed a course on Differentiation. Please note that for Year 7-10 there is no set exam block. Recent changes in NESA syllabi has asked schools to reimagine assessment and the traditional "Test" at the end of a course of work is not in keeping with contemporary assessment thinking. Students will be engaged in a multitude of different ways to demonstrate their learning in all subjects. The other advantage of this approach is the fact that we avoid the old idea that learning stops after the assessment period! We will continue to teach, learn and assess right up to the Christmas break!

Enjoy the beautiful Spring weather. I am not sure if it is a good sign that Christmas decorations are already in shopping centres, but it was even more bizarre when I saw hot cross buns in the supermarkets!

Go gently.

## Assistant Principal—Community and Wellbeing

As we farewelled our Year 12 students at the end of last term it was realised that the important tradition of a Year 12 parent offering their final words at the Year 12 Graduation was not going to take place. The following words by John and Kathy Leslie have been offered as we see Rebekah Leslie, the last of ten Leslie children, complete her HSC this year. The Leslie children who have passed through our school gates include:

Matthew 1993-1996(7-10 SFX 11-12), David 1994-1997(7-10 SFX 11-12), Andrew 1997-2001(7-10 SFX 11-12), Bernard 1999-2004 (7-12 - School Captain 2004), Michael 2001-2006 (7-12), Paul 2002-2007(7-12), Sarah 2005-2010(7-12), Hannah 2009-2014(7-12), Judith 2011-2016(7-12), Rebekah 2015-2020(7-12). All children have made the most of the education St Paul's has provided and have become wonderful citizens. After completing tertiary studies and other training, the fields they now work in include pharmacy, physiotherapy, nursing, radiography, financial planning, insurance management, electrical/plumbing and computer problem solving.

We thank the Leslie family and the many other Year 12 families and children who leave us in 2020 for their commitment to the values we strive to uphold here at St Paul's.

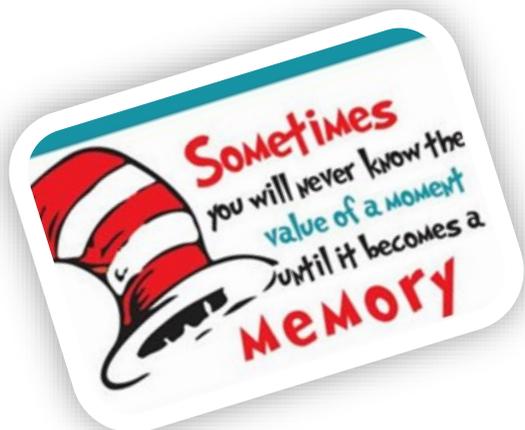

Reflections from Mr and Mrs Leslie:

*"After 35 years of sending our 10 children to school, with 28 years at St Paul's College, we can legitimately state, "No more schoolwork, no more books, no more teachers dirty looks", hahaha. We outlived 4 Principals: Mr K Klein, Mr G Mowbray, Mr T Stevens and Mr G Selmes. The school has grown from strength to strength under ever improving leadership. We have worked with, engaged with, and were supported by many brilliant and dedicated teachers and admin workers. We have experienced, along with the school, great grief, and great joy of school life. During the 28 years, our 10 children have engaged with all school offerings and opportunities presented, with Bernard being the 2004 school captain. If you are leaving the school this year, we extend words of wisdom – **be patient with yourself in the discovery of who, the how and what you are. No matter the course you set, life's vicissitudes will demand resets and alterations, be patient, look for external help and guidance. Offer help and guidance to others who are suffering life's journey as you will find the answers to your own questions.** Thank you, St Paul's."* John and Kathy Leslie

In reflecting on the last week of Year 12 celebrations, I'd also like to thank Mrs Cayte Pryor, the Year 12 Student Coordinator who has spent the best part of the last six years nurturing and supporting this Year 12 group. Mrs Pryor began the St Paul's journey with the Class of 2020 back in 2014 when she began to meet these students in Year 6. She then warmly welcomed them in Year 7 and challenged them to make the most of their new and exciting opportunities. Many moments of happiness, joy, heartache, tears, frustration, satisfaction, achievements, and wins have been shared throughout this time, with Mrs Pryor being there, providing constant support. Mrs Libby Lucas also significantly contributed to the preparation and organisation of the Year 12 celebrations and in these unusual times, these celebrations enabled the significant achievements of the Year 12's to be acknowledged and recognised.

Now that the HSC examinations have begun, the class of 2020 are encouraged to continue to give their best and finish strongly as they complete these exams over the next few weeks.

Take Care Year 12 2020

**Mrs Anne-Maree Shipman**  
**Assistant Principal—Community & Wellbeing**

## What is success?

Last week a student commencing their HSC studies explained to me that they were apprehensive about starting their HSC courses. The student explained they were worried about ‘failing’ and had a sense of being overwhelmed. These concerns associated with learning can be experienced by all students and can impact on student’s approaches to school ranging from anxiety to disengagement. There are some steps students can take, however, to be advocates for their own learning and to increase their learning power.

- The most effective strategy students can adopt is to be organised. We encourage all students to have a term planner where they can see what is coming up, both at school and outside of school. This should be in a location for everyone at home to help support learning that happens at home. To accompany a term planner, students can develop a homework/study weekly timetable which includes time for sport and exercise, meals, favourite television shows as well as blocks of time dedicated to homework and study.
- Another approach students can use is to switch off electronic devices, especially social media. Our devices are a significant distraction in being productive and if we need to remain focused on a task, constantly checking in on social media and even emails limit our potential to learn. It is an interesting exercise to audit our time spent checking our phones during the day.
- Exercising regularly and eating well is also another approach students can be encouraged to incorporate into their routines. There is a significant amount of research evidence to suggest that regular exercise not only improves our emotional regulation but also increases neural connections in the brain therefore improving the capacity to process new information. A similar effect occurs when we increase our intake of whole foods which aids in improved brain function.
- Finally, the most important message to all students is that ‘failing’ is not something that we talk about at school – students can’t fail at learning. The better way to think about learning is to ask: *is that my best effort?* Instead of looking at the mark on an assessment or classwork, students can ask themselves: *how does my work compare to the standards which is shown in the marking criteria?* The most important question then is: **what are my next steps?** Teachers see their purpose as assisting students in working out their next steps and helping them develop a sense of self-efficacy towards learning. When students approach learning with a growth mindset and adopt strategies to increase their learning power, then they are being successful learners.

## Year 11 Transition to HSC Courses

Year 11 have commenced the HSC Courses and some students are seeking to change their pattern of study. These changes will be made over the coming weeks after students have submitted the completed form and, in most cases, have discussed their changes with myself and Mr McLoughlin. Students will also receive their Academic Guide, which contains assessment information, and the NESAs HSC Rules and Procedures booklet which outlines student’s responsibilities for the HSC.

Year 11 are also reminded that they have access to **Edrolo** to support their learning. Teachers will use this as a teaching resource both for in class activities and for pre-learning. Students can use **Edrolo** to check their understanding and as a study resource to consolidate learning.

## Study Support

All students have opportunities to access assistance with their studies. Teachers are available for the afternoon study sessions on Monday and Wednesday afternoons as well as the SumRise Maths sessions on Monday, Wednesday and Friday mornings. Further details are in the newsletter.

### AUDITIONS 2021

#### // ENSEMBLES

**DANCE AUDITION: MONDAY 26 OCTOBER 2020**  
The dance audition is entirely workshop-based. You will be taken through some skills-based exercises before learning some new choreography. You may have an opportunity to add your own choreography so it's a good idea to have some ideas in your head about what you might do.

**DRAMA AUDITION: TUESDAY 27 OCTOBER 2020 AND WEDNESDAY 28 OCTOBER 2020**  
The drama auditions are comprised of a half hour workshop comprising of a series of drama exercises in movement, voice, character work and devising (creating short scenes). Auditionees will also be required to prepare a short one minute monologue. A list of topics for Junior applicants will be on the website from Week 7 of Term 3 whilst Senior applicants will be required to source a monologue of their choice.

#### // INSTRUMENTAL AUDITION: MONDAY 26 OCTOBER 2020

All instrumental auditions are 10 minutes. You are required to prepare a short piece that you feel shows off your ability. After performing your piece for the panel, you will either be given some sight reading, asked to perform some scales or asked to improvise around some chords or with another instrument.

#### // VOCAL AUDITION: THURSDAY 29 OCTOBER 2020

For your vocal audition you will be placed in a group of up to 20 students of similar age. The first part of the audition will comprise learning a new song as a group and some simple movement to go with it. This allows us to see how well you pick up new music, lyrics and movement and place them together, but it should also be fun! In the second half of the audition everyone will be required to sing the first verse and chorus of one of the ten selected songs. The list of songs will be live at the end of Term 3 2020. You will be required to sing with the backing track, and a link will be provided for each song so you can practice.

Auditions for ASPIRE 2021 are now open for students from Year 4 to Year 12. The auditions will be held at the Newcastle Convention and Exhibition Centre (Wests Newcastle) which is on the site of the old Newcastle Workers Club in Newcastle.

Registrations for Auditions close on Friday 25 September 2020. An email will be forwarded to you during the first week of the holidays with all relevant audition information including your audition date and time.

## Job Interview Skills 101 for students

The most effective way to ensure you enter a job interview confidently is to prepare beforehand. By preparing, you can be confident in your ability to answer any questions and highlight how your skills, knowledge and experience make you the most suitable person for the role. Believe it or not, this can make the job interview one of the most enjoyable parts of the job search process.

### Preparing for your interview

Preparing for your job interview is the key to success. Make sure you can explain everything in your resume and cover letter, including examples and explanations of your experience. Be clear about why you want the job and why you want to work for that organisation. Do as much research about the company or business as you can. Visit the company's website to find out about what they do and their mission or vision statements.

### During the interview

You may be interviewed by one or two people, or by a panel. Ask the person who notifies you of your interview time who will be interviewing you. This way you can be prepared.

And remember to do the following:

- Prepare and write down questions so you can refer to them during the interview.
- Dress appropriately for the interview.
- Get to the interview on time.
- Turn off your mobile phone.
- Be confident and speak clearly.
- Show you are keen by listening and paying attention.
- Ask specific questions.

Leave the interview on a positive note by thanking them for their time.

During the interview, if you're not sure about a question the interviewer is asking, ask them to explain it.

Sometimes it's helpful to note down the various parts of a complex question.

Be sure to keep your answers relevant to the job and why you are the best person for it. The interview is not a time for:

- true confessions
- discussing politics, religion, race or marital status
- expressing anger over past jobs
- talking about family problems
- complaining about looking for work or the number of interviews that you have had.

After the formal questions, you will be asked if you have any questions of your own. Always have at least one question ready. A good question could be about a special project you noted on their website, which shows you have done some research. Other questions could be about:

- opportunities for further training and professional development
- the organisational structure
- the way performance is measured and reviewed
- transfer policy to other sites including overseas transfers. There is no set number of questions, but generally allow five minutes for your questions to be answered. It is likely there will be other candidates waiting for interview, so keeping to time is important.

### **What advice do we have for students about the future?**

Pandemics have a history of spawning cultural and labour transformation. Research shows that many Australians, and particularly young people, are anxious about their future career prospects.

So, what advice do we have for high school students?

Megan Lilly, Head of Workforce Development for Ai Group, says Career Advisers “need to look forward, be flexible in their advice and mindful this labour market in the short-to-medium term may be quite limited. They need to help students manage transitions so they can become effective in the labour market as soon as practical.”

#### **Nothing should change, except ...**

For year 9, 10 and 11’s nothing should change except we’d recommend they include technology subjects. People entering the workforce going forward must have higher technological skills than in past generations, and these skills will be in demand when students are ready to find a job.

For Year 12 students thinking of leaving school and going out to work, think again. Unless they have a secure job to go to, continuing their studies is strongly recommended. They won’t regret time spent learning rather than being unemployed. For those going to university or VET stay with your plan.

#### **More students in higher education**

More young Australians are expected to head to universities as youth unemployment rates stay high in the coronavirus-driven economic crisis. The number of Australians wanting a university education is expected to rise in 2021.

If students don’t want to go to university, or can’t get into a university course of their choice, then a VET course has great prospects. School students often make career decisions based on biased and outdated views of vocational and education training (VET) according to a Griffith University study. Many universities offer VET courses and include a pathway option to an undergraduate enrolment.

#### **So where are future jobs heading?**

A 2020 ING Future Focus Report explores the rapid acceleration of digital technologies, combined with the compression of change and the impact this is having on the jobs and skills needed for the future workforce and how COVID-19 has accelerated innovation.

Listing Top 20 emerging and in-demand jobs, the report explores new career opportunities and ones designed to minimise risk and reflect changes brought about by the pandemic. [Click to download report.](#)

## Excursions Coming Up .....

Please pay for all excursions by the due date written on the excursion notes which are sent home with your child. This date is important as excursion costing is calculated on the number of students who should be attending that particular event. Venues and buses have to be paid when the booking is first made. Your understanding of this would be very much appreciated.

## Opening Hours for Payments to the Finance Office

**Parents:** Come to Student Reception or Reception from 8.30am to 2.30pm

**Students:** Mornings from 8.30am until tutor group bell, all of recess and all lunch times

## QKR is a great way to pay fees and excursions

For your convenience, when paying for excursions the new Qkr! App is now live for families of our students. Qkr! By Mastercard can be downloaded for free from Apple's app store for iPhones, iPad users can download the iPhone app or from Google Play for Android phones. Simply:

### Step 1 Download Qkr!

On your Android phone or iPhone. iPad users can download iPhone app

### Step 2 Register

Select your Country of Residence as 'Australia' and follow the steps to register

### Step 3 Find our school

Our school will appear in 'Nearby Locations' if you're within 10km's of the school, or search for our school by name.

### Step 4 Register your children

When first accessing our school you will be prompted to add a student profile for your child. This allows you to make orders and payments for them.

**For more information about QKR visit our website**

## Win \$300

by simply  
**tapping on and  
tapping off**  
your School Opal card

We'd like you to use your School Opal card travelling to and from school. Every time you tap on and tap off between 12 October – 12 November 2020, you go into the draw to win.

Visit [newcastletransport.info/studentcomp](http://newcastletransport.info/studentcomp)

## Tap on and **tap off** every time

as it tells us how many people are using public transport. This helps us to plan better services for you.

It is a condition of the School Pass Terms and the Student Code of Conduct when travelling that students in possession of the School Opal card must tap on and tap off every time when using public transport to travel to and from school. Per section 3.2 of the Opal Privacy Policy, Transport for NSW collects information from taps on and tap off to support coordination, planning and policy development for transport, transport services and transport infrastructure.

## P&F News

### *Engaging in a dialogue about Parent/School Connection*

On Wednesday 4<sup>th</sup> November, the College will be hosting a zoom meeting with interested members of our community to look at a new model of Parent/School Connections and engagement.

This meeting will be held via ZOOM. Our guest speaker is Cath Garrett-Jones from the Catholic Schools Office, who is our Parent Liaison and Connection Officer.

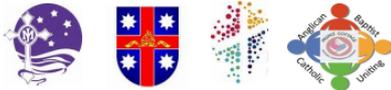

The ZOOM meeting will be held on Wednesday 4<sup>th</sup> November from 5.00 pm to 5.45pm.

Please contact the College office via email to register your interest so that we can send an invitation for the Zoom Meeting.

## Mums' Cottage News Letter October 2020,

*The Cottage is a sanctuary where all are offered HOPE as they move forward towards a richer, fuller life.*

**Sister Helen-Anne welcomes Everyone to the Cottage.**

### A Message From Sister Helen-Anne

Thanks to all our readers for your continued interest and support. Our deep gratitude, Mums' Cottage is proud to reveal a new initiative to begin next term "The Umbrella Program" is a method of assisting adults needing companionship after a loved one has self-harmed or suicided. We would appreciate your prayers for this new ministry.

**Hello from Mel,**

Wow, this year has flown by. I can't believe Christmas is just around the corner and decorations have already come out. A lot of us wish to put this year behind us due to many reasons. But I'd like to concentrate on some of the bigger things that have been accomplished this year at Mums' Cottage. So many beautiful things have happened and beautiful people have made many donations and we appreciate them all

Mums' Cottage Aid for the Fire Victims

THANK YOU Mel

The donations given to us from the closure of Toronto Mercy House of Prayer in May enabled the assistance of 15 of our families as well as the Mackillop Centre in Westie.

Thank you to Mums' Cottage Board who got us approved as a COVID Safe workplace.

Mums' Cottage gained Registered Charity status thanks to the hard work and persistence of Garry McNamara

Thank you to the Fabulous efforts of our beautiful volunteers for the epic mask making. Their fingers were numb and their minds exhausted, however due to their amazing efforts Mums' Cottage raised a substantial amount of well needed funds.

### Something to Ponder

"Let us march past the flag of the past, saluting our achievements, pondering over our mistakes and thinking of the lessons for the way forward as we march forward to a great tomorrow" - Ernest Agyemang Yeboah

Mums' Cottage would like to wish all the HSC students the best of luck with their upcoming exams. You have all had an extremely hard year, but hang in there the end of the exam stress will be over soon and you will be able to move on to your next chapter. GOODLUCK!!!!!!

Congratulations to our beautiful Volunteer Susan Homer, who has recently qualified as a counsellor. WELL DONE

Mums' Cottage would also like to wish Katrina and John O'Connor congratulations on the birth of their recent new granddaughter "Lilia Emily". Mum and baby are both healthy.

A big thank you to our very own Sister Helen Anne who has continued to work at Mums' Cottage throughout the year despite the massive challenges that COVID threw at the Cottage. Her dedication and love has helped many through these difficult times.

### OP SHOP SHED

Thank you to our wonderful volunteers Joan and Karenne that have reorganised our Op Shop, it is looking amazing.

Please come to Mums' Cottage and check it out.

### Reflection

"Hope is acidulous and so, let us encourage one another to dream big. Brothers and sisters, let us learn to dream big! Let us not be afraid to dream big, seeking the ideals of justice and social love that are born from hope" Pope Francis

### donations

Thank you to the Community and Surrounds who have donated to Mums' Cottage. We greatly appreciate all donations that are made.

Please note: Currently we are unable to accept any goods as we are full to the brim. If you would like to assist Mums' Cottage we really could use financial assistance, this would be appreciated.

PLEASE HELP US BY DONATING TO...

### Volunteer's Corner.

One of our beautiful ladies has written a poem for our new 'Umbrella Program'

Mums' Cottage "Umbrella"

Life is made up of Seasons,  
There are reasons for these seasons  
We all have days that are good,  
we all have days that are bad.  
Sometimes we feel happy,  
other times we are very sad.  
Yes are not alone,

Just pick up the phone.  
When you feel alone and blue,  
Mums' Cottage is the place to come  
There you will find a shoulder to cry on,  
Kind people to depend upon  
We are here for you  
We will listen to you  
We have been there too,

and know what you are going through.

No-one can take away your pain,  
when you travel down memory lane.

We can hold your hand,  
we really do understand.

During the progress of grieving,  
tears are very relieving.

When the tears finally cease,  
you will find peace.

Please don't be afraid, just come

you will receive a loving welcome.

## Tuning in to Teens

### Emotionally Intelligent Parenting

A six-session parenting program  
for parents of adolescents

Would you like to learn how to:

- be better at talking with your teen?
- be better at understanding your teen?
- help your teen learn to manage their emotions?
- help to prevent behaviour problems in your teen?
- teach your teen to deal with conflict?

*Tuning in to Teens* shows you how to help your teen develop *emotional intelligence*. Adolescents with higher emotional intelligence:

- are more aware, assertive and strong in situations of peer pressure
- have greater success with making friends and are more able to manage conflict with peers
- are more able to cope when upset or angry
- have fewer mental health and substance abuse difficulties
- have more stable and satisfying relationships as adults
- have greater career success
- Emotional intelligence may be a better predictor of academic and career success than IQ!
